# Sources & directory notes

Coverage, dates and image assets

## Coverage

Universities and authorised university campuses in the CICIC national directory, plus selected affiliated colleges and other degree-granting institutions. Repeated provincial authorisations for the same displayed university name are consolidated. Foreign universities with Canadian authorisation may appear.

## Data dates and practical limits

CICIC recognitions and authorisations are provincial or territorial; they do not mean that every programme is open to international students. Affiliated colleges are distinguished from universities. Current directory data were accessed on 6 October 2026.

## Logos and brand icons

Institutional logos, seals and compact website brand icons are reproduced for identification. A website icon is used where a full logo was not available. Images may differ from an institution's newest brand guidelines. Inclusion does not imply endorsement.

## Using the directory

Click the website in an entry to open it. The printed city is a principal location or selected campus. The listings do not imply that every institution offers every course, accepts international applicants or has the same accreditation scope.

Image coverage: 147 of 151 entries have a downloaded identifying image. 4 entries are marked "Logo unavailable".
